

Promoting healthy food choices through integrated school gardens in Nepal

Focus Group Discussion (FGD) Guideline

Participants: About 3-4 schoolchildren involved in the project

Duration: About 1 hour

First, we do a tour through the school garden with the school children, possibly accompanied by the teachers.

- What is the situation of the school garden?
- What vegetables are being grown?
- Who helped to establish the garden?
- Who is taking care?
- What do the children think of it?
- Are there any problems?
- What is working well?
- What is the most exciting thing?

Second, we sit down with a small group of students to talk about food.

SN	Topics for Discussion	Probes
1.	Could you please introduce yourself?	<ul style="list-style-type: none">• Name• Role in the project
2.	What did you eat today before coming here/lunch?	<ul style="list-style-type: none">• Who cooked it?• Who usually cooks in your household?• Do you tell your mom what food you like to eat?• Does she listen to you?• Who then decides about what to eat?
3.	In your opinion, what is a “healthy meal”?	<ul style="list-style-type: none">• Can you describe a dish that you consider as healthy?• What makes a meal healthy? (e.g. ingredients or method of preparation)• Do you regularly eat such meal?• If not, why?
4.	Can you also give an example of an “unhealthy meal”?	<ul style="list-style-type: none">• What makes a meal unhealthy?

		<ul style="list-style-type: none"> • How often do you eat such meal? • What is the difference between a healthy meal and an unhealthy meal? • If you know that certain foods are unhealthy, why do you eat it? • Do you feel that you have a choice in what you eat?
5.	Let's talk about snacks	<ul style="list-style-type: none"> • Can you write some common snacks on pieces of paper? • Can you separate them in healthy and unhealthy snacks? • Why do you separate them like this (what makes some snacks healthy and others unhealthy?) • If you could choose any of these snacks, which one would you choose, and why? • Would most other children in your class choose the same? Why, or why not? • Why do you think that many children buy snacks that are not so healthy? • If the children think that unhealthy snacks are a problem, then what do they suggest can be done about this problem?
6.	Relationship between school garden and healthy eating	<ul style="list-style-type: none"> • Do you think that the school garden project makes you want to eat healthier? • What do your parents think about the home garden training they received? • Has it effected the meals you eat at home? • Why or why not?
7.	Is there anything you would like to add in this discussion?	

Thank you for your time ☺

Promoting healthy food choices through integrated school gardens in Nepal

Focus Group Discussion (FGD) Guideline

Participants: 4-5 parents involved in the project

Duration: 45 Minutes

First, we do a tour of one of the home garden with the parents so that they can explain them what has happened.

- What is the situation of the home garden?
- What vegetables are being grown?
- Who helped to establish the garden?
- Who is taking care?
- What do the other family members think of it?
- Are there any problems?
- What is working well?
- What is the most exciting thing?

Second, we sit down with a small group of parents to talk about food.
